570-6-1-.02 Procedures.

(1) Before any wrecker service shall transport vehicles in nonconsensual towing on or over any public highway of the State of Georgia, it shall first secure a nonconsensual towing permit from the Department by making application on forms supplied by the Department and paying an annual filing fee of \$300.00. Such filing fee shall accompany the application, which shall not be complete and ready for favorable Department action until such fee is paid; and such fee is nonrefundable upon Department denial of the application, applicant’s withdrawal of the application or for any other reason. The permit shall be issued on an annual basis.

(2) The Department shall issue a nonconsensual towing permit if the application is complete and the applicant demonstrates the willingness and ability to comply with the laws of Georgia and the rules and regulations of the Department related to NCT Carriers, including, but not limited to, secure impoundment facility, the maximum rate tariff, and

with Department insurance and safety requirements.

(3) The Department may refuse to issue a permit where the applicant has failed to show compliance with the applicable laws of Georgia and the rules and regulations of the Department. The applicant shall be entitled to a hearing to contest the denial upon written request made within 30 days of the date of denial.

(4) Permits issued pursuant to this authority shall be valid except as otherwise provided herein, from the date of issuance through midnight of the expiration date shown on the permit, unless revoked, suspended or amended. There is no grace period. Failure to renew a permit within the permit's 12 month life shall result not only in the expiration of such permit, but also in the holder of such expired permit having to re-apply for a new permit in order to resume conducting nonconsensual towing operations after such expiration date.

(5) Nonconsensual towing permits shall be posted and kept in a conspicuous place at the main office of the wrecker service to whom such permit is granted. Copies of NCT permits shall be carried in the cab of any wrecker or tow truck operated under such permit.

(6) Applications to renew a permit must be submitted on a form designated by the Department. Renewal applications should be submitted no sooner than 30 days and no later than 10 days prior to the expiration date of the permit.

(7) The Department may, at any time after notice and an opportunity to be heard, suspend, revoke, alter, or amend any permit issued under these rules if it shall appear that the holder of the permit has violated or refused to observe any of the lawful and reasonable orders, rules or regulations prescribed by the Department, regulations of the Public Service Commission existing on July 1, 2012, the provisions of Title 44 or Title 40 of the Official Code of Georgia, or any other law of this state regulating or taxing motor vehicles.

(8) In the event of a change of name or ownership by the holder of a nonconsensual towing permit (including acquisition of controlling interest in a corporate entity), application for a new permit shall be made to the Department and the old permit surrendered to the Department before another permit can be issued to the new owner(s). The application for a permit by a new owner shall be made in the same manner as for an original nonconsensual towing permit and the fee shall be the same as for an original permit.

(9) Any nonconsensual permit issued by the Department shall not be assignable or transferable to any other person, firm, corporation or other entity.

No storage fees shall be charged for the first 24-hour period from the time the motor vehicle is removed from the property. The fees stated in the maximum rate tariff shall be all inclusive. No additional fees may be charged for the use of dollies, trailers, lifts, slim jims or any other equipment or service. Only charges or rates for storage and removal that are approved by the Department and contained in the Department's Maximum Rate Tariff for Nonconsensual Towing shall be billed or collected by the wrecker service for towing or storage services; and it is a violation of this Rule for any wrecker service to bill or collect fees or charges which are not expressly permitted by such Maximum Rate Tariff.

(2) The fees stated in paragraph one of this rule shall be payable, at the choice of the vehicle owner or payee, by cash, commonly-recognized travelers checks, money orders, certified checks or cashier's checks. Carriers may accept debit cards or credit cards but shall not charge an additional fee.

(3) No additional charges shall be assessed for storage of the vehicle once the vehicle has been claimed and payment is tendered to the towing company in the amount specified on the receipt and the vehicle has been removed from the impoundment facility. The receipt issued by the wrecker or towing service to the customer, and such service's office copy of such receipt, must reflect all fees collected for the redemption of the vehicle.

(4) The Maximum Rate Tariff may be reviewed and changed by the Department after considering the current cost for removal and storage of vehicles from personal property and other pertinent information.

(5) No storage fees may be charged or collected by any wrecker service or tow truck operator for days on which the impound lot where a towed vehicle is stored is closed or otherwise unavailable to the vehicle owner for redemption.

(2) If the vehicle has been hooked with hoisting apparatus, including wheel dollies, or loaded by the wrecker service and the vehicle has not left the premises, the vehicle shall
